

# SEMINAR SCHOOL OF MATHEMATICS AND STATISTICS

DATE: 5 AUGUST 2019

### TITLE

Bend it like Poincare: Surfaces and complex numbers

# VENUE | TIME

Seminar Room I 03:45 -04:45 PM

# SPEAKER

Prof. Pablo Gastesi, CEU San Pablo University, Madrid, Spain.

### ABSTRACT

In this talk, we introduce some of the basic concepts in surfaces developed by Poincare in the study of interaction between groups and surfaces. The topics are fundamental in many branches of Mathematics, in particular complex analysis.
