## Objective

The National Workshop on “Recent Trends on Partial Differential Equations and Applications” is being organized with the objective to provide a forum for young researchers to learn research methodologies and interact with experts. The focus of the activity will be on Partial Differential Equations, Fluid Dynamics and other related areas. The participating candidates may be in any area that is close to the theme of the workshop.

The number of out station participants is limited. All the participants will be provided three tier AC train fare, accommodation and local hospitality.

The Workshop on Recent Trends in Partial Differential Equations and Applications – 2012 will focus on:

- Expert lectures across various areas close to the theme.
- Interactive sessions with experts for discussions, suggestions.

## About the University

The University of Hyderabad, a premier institution of post graduate teaching and research in the country, was established by an Act of Parliament (Act No. 39 of 1974) on 2nd October, 1974 as a Central University, wholly financed by the University Grants Commission.

The "objects of the University" as envisaged in the Act are: to disseminate and advance knowledge by providing instructional and research facilities in such branches of learning as it may deem fit and by the example of its corporate life, and in particular to make special provisions for integrated courses in humanities and science in the educational programmes of the University and to take appropriate measures for promoting inter-disciplinary studies and research in the University.
